SKILLS

Data & Cloud		
• Snowflake		avancé
• dbt		avancé
• Modélisation 3NF		avancé
• Data Vault V2	intermédiaire	
• Airflow		avancé
• Astronomer Cosmos		avancé
• DAG Factory		avancé
• Elementary		avancé
• AWS (S3, Glue, DMS, API Gateway)		avancé
• Python		avancé
• SQL		expert
Development & Architecture		
• Java / Spring / Spring Cloud		expert
• Architecture Event-Driven / CQRS		avancé
• Kafka / RabbitMQ		avancé
• MongoDB		avancé
• Oracle / PostgreSQL / MySQL		expert
• Docker		avancé
• Shell / Perl		avancé
• API REST		expert
Data Quality & Governance		
• Elementary (Data Quality)		avancé
• Data Governance		avancé
• Privacy / RGPD		avancé
GenAI & Innovation		
• GenAI / MCP	intermédiaire	
• Kiro (Steerings, Skills, Hooks,...)	intermédiaire	
• YAML		expert
Tools & Methodologies		
• Git / Version Control		avancé
• CI/CD		avancé
• TeamCity		expert
• Github Actions	débutant	
• Agile / Scrum		avancé

SOFT SKILLS

- International team management
- Technical communication
- Crisis management
- Data evangelism

INTERESTS

- **Badminton**
Board member of the Doubs Departmental Badminton Committee. Youth coach at Volant Bisontin club.

PROFESSIONAL PROFILE

Data Architect and Tech Lead with 22+ years of experience at Stellantis Financial Services. Specialized in cloud data platform design (Snowflake, AWS, dbt, Airflow), software architecture (Java/Spring, microservices, event-driven) and international team leadership (France, Argentina, China, India). Known for ability to simplify complex technical topics, manage crisis situations, and deliver sensitive regulatory projects.

PROFESSIONAL EXPERIENCE

Stellantis Financial Services	2021 - Present
Data Tech Lead / Data Architect	
• Designed and implemented the Snowflake data platform on AWS • Specified and developed the EL framework (S3, Glue, Python, Airflow, Snowflake) • Specified the dbt framework for data transformation • Evangelized and promoted data culture across SFS <i>Snowflake, AWS (S3, Glue), Python, dbt, Airflow, Astronomer Cosmos, DAG Factory, Elementary, SQL</i>	
Stellantis Financial Services	2016 - 2021
Software Architect & Innovation	
• First AI PoC with IBM Watson • Chatbot solution study and evaluation • Participant to Enterprise Business Model definition (From Bian, Open Banking, sfs architecture referencial) • MongoDB PoC to production ready plateforme and implementation of the digital data platform (MongoDB + Spring Boot API + Kafka/RabbitMQ ingestion) <i>Java, Spring Boot, Spring Cloud, MongoDB, Kafka, RabbitMQ, AWS, Docker, Hadoop, Spark, IBM Watson</i>	
Stellantis Financial Services	2010 - 2016
Java Tech Lead	
• Enterprise Java application development • Home-made Java ETL as batch mediation layer • Complete 4x interest-free payment solution (front office and back office) in full Spring — backend lead • Development team management on Java and Data scope <i>Java, Spring, Oracle, PostgreSQL, Shell, SQL</i>	
Stellantis Financial Services	2002 - 2010
Application Integrator	
• Built an industrialization framework in Shell/Perl to accelerate deployments • Defined the Version Control strategy for Integration/Ops tools • Java application integration on Unix/Linux and Windows • Active participation in the bank's technical architecture evolution <i>Shell, Perl, Java, Unix/Linux, Windows Server</i>	
ICEP	2003 - 2003
Network Teacher (BTS level)	
• Teaching computer networks at BTS level (2-year technical degree)	
CNERTA Dijon	2001 - 2002
Apprentice — GIS Laboratory	
• Geographic Information Systems laboratory using ESRI software • Development of an embedded tool for Windows Pocket PC <i>PostgreSQL, Perl, ESRI (ArcGIS), Windows Mobile</i>	
Établissements Schiever	2000 - 2001
Intern / Apprentice — Intranet	
• Design and deployment of an intranet for stores to place orders and browse the product catalog <i>Web development</i>	
EDUCATION	
Engineering Degree (Master's equivalent)	2006
UTBM	
Master's Degree in Computer Science	2004
CNAM	
CASIE — Enterprise Information Systems Designer & Administrator	2002
ICEP Dole	
DUT in Computer Science (2-year technical degree)	2000
IUT Dijon	
Scientific Baccalaureate	1998
Lycée d'Avallon(89)	

PROFESSIONAL TRAINING

- Snowflake Starter Kit (Snowflake)
- MongoDB University — Parcours Développeur Java (MongoDB)
- AWS Solutions Architect (AWS)
- AWS DevOps (AWS)
- AWS Go Build Data & IA (AWS)
- Spring Framework (Orsys)
- Angular (Orsys)
- Oracle 9 (Oracle)
